Hi Dave,

Attached you will find a couple pictures of the barn door. I have to tell you I am real pleased with this door. Others that I have shown are also impressed with how easy it open and closes. I have friends that have bought doors at twice the cost. All say that they have never seen this kind of door. And if to do it over again would and will buy this door. Have you thought of a booth at the OSHKOSH air show in July? I visit allot of airports and can't say I have seen this door anywhere.

Well thinks for the door, money well spent.....

Steve Adamczak
